Tracking Sheet for In-Kind Match for the Box Turtle Connection Project

N.C. Wildlife Resources Commission, Wildlife Diversity Program

To log volunteer hours and miles with NC WRC, first create an account and complete the online volunteer application at <https://nc-wild.org/volunteer/> (select "Register to Track Hours" and don't forget to record the email address and password you used to create the account). To log hours, go to <https://nc-wild.org/volunteer/hourlog> (or use the QR code above). Under "Project" select "Herps - Box Turtle Connection". Always review your previous recorded time before entering new records to avoid double entries. To review time, go to the hour log and at the top of the page and select "View Hours".

PLEASE DO NOT SUBMIT THIS SHEET TO NCWRC – IT IS FOR YOUR TRACKING PURPOSES ONLY.

You may use this tracking sheet to record the number of hours spent assisting and miles driven on the Box Turtle Connection. Hours and miles should be submitted ONLINE through <https://nc-wild.org/volunteer/hourlog/> (see QR code above). Your volunteer contributions are critical for receiving federal funding for our Wildlife Diversity Program projects. **Thank you!**

NAME: _____

Date (mm/dd/yyyy)	Volunteer Activity	Hours	Miles
